What is Supplier Self-Services (SUS)?

- **SUS is a Vendor Portal**
 - **Maintains WAWF as the single face to industry for DoD invoicing**
 - User ID management and secure provisioning by CAGE remains in WAWF
 - Seamlessly logs vendor into SUS based on assigned Pay Office
 - “One-Stop” interface developed by WAWF
 - Summary data updated in WAWF for a consolidated view for all of DoD
 - **Utilizes standard GFEBS functionality**
 - Improves Army end-to-end visibility and auditability
 - **Defaults GFEBS PO obligation data to the vendor**
 - Pre-populates vendor invoice data with pre-validated GFEBS data
 - Allows for identification of errors early in the process
 - Vendors to validate PO accurately reflects contract terms immediately after award
 - Vendor input restricted to prevent conflict with contract
 - I.e. can input Quantity, but cannot change fields like Unit of Measure or Unit Price
 - Provides vendor integrated, real time visibility of open amount and invoice processing status
 - Prevents delay in acceptance posting in GFEBS
 - Eliminates manual intervention to improve auditability
 - Reduces interest penalties
